

# Neuroethics Essay Contest

CALL FOR ESSAYS 7-2023

The International Neuroethics Society (INS) and the International Youth Neuroscience Association (IYNA) are pleased to announce a [call for submissions](#) for the Neuroethics Essay Contest in 2023. Now in its tenth year, the [contest](#) promotes interest in neuroethics among students and trainees around the world.

» *New this year is a video essay category!*

## AUTHOR ELIGIBILITY

Participation in the contest is open to any student in high school or secondary school, any post-secondary student, and any postdoctoral fellow or similar early-career trainee.

Authors from all countries and regions are encouraged to participate, and we welcome submissions from authors who identify with underrepresented groups.

There are also no restrictions regarding an author's program or area of study as long as their essay meets all requirements outlined in the call. Contest organizers encourage submissions from authors training in fields such as neuroscience, law, medicine, philosophy, and many other social and natural sciences, and the humanities.

## ESSAY TOPICS

Essay submissions can cover any topic in neuroethics and should address a focused problem at the intersection of the mind and brain sciences, ethics, and law. There are no restrictions on neuroethical topics, and authors are encouraged to take creative approaches with their essays and videos. See the [essay call](#) for more topic suggestions.

## SUBMISSION

The submission deadline is in July. See the [essay call](#) for exact date. Late submissions will not be accepted.
